

Thursday, 17 October 2019

11:00 Registration

Hall Pravetz

12:00 – 12:45 Educational module I – Invasive assessment of lesion significance in the cath lab

Moderators: P. Gatzov, D. Vassilev

12:00 – 12:15 Methods of intravascular assessments of stenoses
P. Gatzov

12:15 – 12:30 Methods of intravascular imaging assessments of coronary stenoses
D. Vassilev

12:30 – 12:38 Clinical case 1

12:38 – 12:45 Clinical case 2

12:45 – 13:25 Educational module II – Endomyocardial biopsy – indications, technique and complications

/with the support of Pfizer/

Moderators: V. Velchev, K. Karamfilov

12:45 – 13:00 Indications for endomyocardial biopsy
Z. Shomanova

13:00 – 13:05 Discussion

13:05 – 13:20 Endomyocardial biopsy technique
V. Velchev

13:20 – 13:25 Discussion

13:25 – 14:00 First poster session

Chairs: D. Trendfilova, P. Gatzov

Moderators: B. Borisov, I. Manoukov, M. Pehlivanova

14:00 – 14:30 Symposium of Philips/S&T – silver sponsor

Cardiac tools of the future – new Philips solutions for Coronary artery and SH diseases

L. Smolin

14:30 – 15:10 Educational module III - Modern aspects in hemodynamics

Moderators: V. Velchev, K. Karamfilov

14:30 – 14:45 Invasive hemodynamics of pulmonary hypertension in left atrium
A. Postadzian

14:45 – 14:50 Discussion

14:50 – 15:05 Invasive hemodynamics of aortic stenosis
N. Stoyanov

15:05 – 15:10 Discussion

15:10 – 15:50 Educational module IV – Endovascular treatment of supraaortic vascular pathology

Moderators: I. Petrov, Z. Stankov, P. Simeonov

15:10 – 15:25 News in the systems of distal brain protection during carotid stenting
I. Petrov

15:25 – 15:30 Discussion

15:30 – 15:45 Routine radial approach and "deep loop" in carotid stenting
Z. Stankov

15:45 – 15:50 Discussion

15:50 – 16:20 Second poster session and coffee-break

Chairs: D. Trendafilova, P. Gatzov

Moderators: B. Borisov, I. Manoukov, M. Pehlivanova

16:20 – 17:20 Educational module V - CTO basics for beginners – indications, selection of right patient and lesion

Chairs: G. Sianos, V. Gelev

Moderators: L. Michalis, R. Nair, D. Vassilev, I. Jeleva

16:20 – 16:35 Rational for CTO recanalization and patient selection in 2019
L. Michalis

16:35 – 16:50 Specific armamentarium for CTO lesions recanalization – wires, micro catheters, etc.
G. Sianos

16:50 – 17:05 Basics of antegrade approach in CTO recanalization
I. Ungi

17:05 – 17:20 Role of retrograde approach in modern CTO treatment
G. Sianos

17:20 – 17:50 Symposium of Actavis – silver sponsor

Bleeding risk and optimal antithrombotic therapy

V. Gelev

17:50 – 18:00 Official Congress Opening

18:00 – 19:30 Interesting clinical cases Session I

Chairs: I. Petrov, V. Velchev, D. Vassilev, V. Gelev

Moderators: L. Michalis, I. Ungi, R. Nair, G. Sianos, D. Trendafilova, G. Tonev, M. Konteva, N. Chilingirov

/5 minute presentation + 3 minute discussion /

Friday, 18 October 2019

Hall Pravetz

7:30 – 8:45 Own experience Session I

Chairs: V. Velchev, D. Trendafilova, P. Gatzov

Moderators: V. Gelev, D. Vassilev, N. Rifai

/8 minute presentation + 2 minute discussion/

8:45 – 10:15 Scientific session - Complex coronary interventions in 2019
Chairs: V. Gelev, D. Trendafilova, D. Vassilev, I. Jeleva, I. Petrov, V. Velchev

- 8:45 – 8:50 Introduction to the session
V. Gelev
- 8:50 – 9:10 Recanalization of Chronic Total Occlusions – state of the art in 2019
G. Sianos
- 9:10 – 9:30 Left main PCI – after the randomized trial, the shift in the GL and what is the impact in our daily practice?
I. Ungi
- 9:30 – 9:50 PCI in high risk patients with complex anatomy – the CHIP initiative in US
R. Nair
- 9:50 – 10:10 Complete revascularization – the Holy Grail and where I to find it?
L. Michalis
- 10:10 – 10:15 Closing remarks
D. Vassilev

10:15 – 10:30 Presentation of Biotronik – silver sponsor
PINK IS A NEW GOLD: Orsiro for every occasion
G. Sianos

10:30 – 10:45 Coffee-break and a visit to exhibition

10:45 – 12:00 Scientific session – Functional and imaging methods for improving of immediate and long-term results in coronary interventions

Moderators: D. Vassilev, P. Gatzov, F. Fouladvand, A. Alexandrov, M. Marinov

- 10:45 – 11:05 Methods of intravascular assessments of stenoses
P. Gatzov
- 11:05 – 11:25 Methods of intravascular imaging assessments of coronary stenoses
D. Vassilev
- 11:25 – 11:45 Intracoronary imaging and coronary physiology to guide revascularization in our current day practice
R. Nair
- 11:45 – 12:00 Session summary

12:00 – 12:30 Scientific session - Endovascular treatment of thoracoabdominal aortic aneurisms and dissections

Moderators: I. Petrov, D. Trendafilova, P. Simeonov, V. Gelev

- 12:00 – 12:10 Endovascular approach of treatment of aneurisms and dissections of thoracic aorta
P. Simeonov
- 12:10 - 12:20 Endovascular interventions in complex dissection type A and type B after preceding surgical and/or endovascular treatment
I. Petrov

12:20 – 12:30 "Multilayer stent" and "Chimney" technique in thoracoabdominal aneurisms
Z. Stankov

12:30 – 13:00 Symposium of SMT – silver sponsor
TALENT – Randomized Clinical Trial, 24 months follow up data presentation
I. Petrov

13:00 – 13:30 Lunch

13:30 – 15:30 Scientific session – Endovascular treatment of valve diseases
Chairs: J. Jorgova, D. Trendafilova, I Petrov, V. Gelev
Moderators: D. Hazarbasanov, G. Tonev

13:30 – 13:35 Introduction
J. Jorgova

13:35 – 13:55 TAVI – Are we ready for expanding TAVI indications. Bulgarian experience
D. Trendafilova

13:55 – 14:05 Aortic balloon valvuloplasty as bridging to TAVI in patients with critical aortic stenosis and advanced heart failure
I. Tasheva

14:05 – 14:25 Rhythm-conductive disorders after TAVI
D. Trendafilova

14:25 – 14:45 Is TAVI the game changer in aortic valve disease – the US perspective
R. Nair

14:45 – 15:05 Endovascular treatment of mitral regurgitation – where we stand in 2019
L. Michalis

15:05 – 15:25 Basic experience with MitraClip in patients with high-grade functional mitral regurgitation and high operational risk
I. Petrov

15:25 – 15:30 Summary

15:30 – 16:10 Session with the participation of representatives of the Working Group of Interventional Cardiology of Poland
Moderators: D. Vassilev, V. Gelev

15:30 – 15:50 Advanced percutaneous interventional procedures in a treatment of "difficult patients" with ACS – are they different from the procedures performed in patients with chronic coronary syndromes?
R. Gil

15:50 – 16:10 Rationale and design of the POLBOS L(eft) M(ain). Study with case presentation.
R. Gil

16:10 – 16:30 Coffee-break and a visit to exhibition

16:30 – 17:00 Symposium of Ewopharma – silver sponsor
Moderator: V. Gelev

Does the choice of contrast agent really matter?

D. Vassilev

17:00 – 18:00 Pediatric Cardiology Session

Moderators: A. Kaneva, L. Dimitrov

- 17:00 – 17:20 Interventional treatment of aortic coarctation
N. Sreeram
- 17:20 – 17:40 Coronary techniques and consumables in congenital cardiopathies
L. Dimitrov
- 17:40 – 18:00 Cooperation between pediatric cardiologists in interventional treatment of adults with congenital cardiopathies
A. Kaneva

Hall K

17:00 – 18:00 Nurse session – Riding the wave: What's new in the invasive cardiology?

Moderators: V. Gelev, I. Jeleva

- 17:00 – 17:20 Interventional treatment of branch stenosis– is there a paradigm shift?
I. Jeleva
- 17:20 – 17:40 CHIP – PCI in high-risk patients with complex anatomy– what should we know?
V. Gelev
- 17:40 – 18:00 Percutaneous techniques of structural heart diseases treatment in 2019
R. Parapunova

18:00 – 18:30 Symposium of Gedeon Richter – silver sponsor

Moderator: A. Postadzhian

Is it possible that the new data in ACS will lead to a change in the current clinical practice?

D. Vassilev, K. Karamfilov

18:30 – 19:30 Joint session with the Bulgarian Society of Cardiac Surgeons

- 18:30 – 18:50 Early complications after TAVI
D. Petkov
- 18:50 – 19:10 Risks that stents in the coronary arteries hide in valve surgery
D. Petkov, D. Nikolov
- 19:10 – 19:30 Successfully treated complications in patients after TAVR
D. Petkov, D. Trendafilova, P. Simeonov, J. Jorgova, G. Nachev

Saturday, 19 October 2019

Hall Pravetz

- 8:00 – 10:30** Live-case session I
Moderators: V. Gelev, I. Petrov, P. Gatzov, D. Vassilev, V. Velchev, G. Mazhdrakov, R. Nair
- 10:30 – 10:45** Coffee-break and a visit to exhibition
- 10:45 – 11:45** Joint session with the Bulgarian Society of Cardiorstimulation and Electrophysiology
Moderators: V. Gelev, V. Traykov
- 10:05 – 11:05 New horizons in treatment of hypertrophic obstructive BMD: catheter ablation and cardiorstimulation
B. Borisov
- 11:05 – 11:25 Embolic risk in atrial fibrillation prevention approach: from implantable loop recorders to occlusion of the ear of the left atrium
M. Protich
- 11:25 – 11:45 Arrhythmias in acute coronary syndrome and revascularization
V. Traykov
- 11:45 – 12:30** Symposium of AZ – gold sponsor
Dual antiplatelet therapy paradigm after acute coronary syndrome
Moderator: K. Karamfiloff, University Hospital Alexandrovska
Speaker: Pl. Cirillo, Head of the Division of Cardiology, Università Federico II, Naples, Italy
- 12:30 – 13:00** Lunch
- 13:00 – 15:30** Live-case session II
Moderators: J. Jorgova, D. Vassilev, D. Hazarbassanov, G. Mazhdrakov, K. Karamfilov, P. Gatzov
- 15:30 – 15:45** Coffee-break and a visit to exhibition
- 15:45 – 16:45** Symposium of Abbott – platinum sponsor
Precision guided PCI
Speaker: L. Testa, Italy
- 15:45 – 15:55 Comprehensive physiology assessment - we should treat ischemia, not stenosis
- 15:55 – 16:05 OCT imaging in daily clinical practice
- 16:05 – 16:15 Short DAPT clinical evidence
- 16:15 – 16:30 Case presentations
- 16:30 – 16:45 Discussion
- 16:45 – 18:15** Live-case session III
Moderators: J. Jorgova, I. Petrov, V. Velchev, D. Hazarbasanov, G. Tonev
- 18:15 – 19:15** Joint session with the Bulgarian Society of Cardiology
Moderators: M. Tokmakova, V. Gelev

- 18:15 – 18:35 Chronic coronary syndromes: what new coming from ESC 2019
M. Tokmakova
- 18:35 – 18:55 New guidelines in antithrombotic therapy: ISAR REACT 5 and
THEMIS/THEMIS PCI
K. Karamfilov
- 18:55 – 19:15 Atherosclerosis prevention: state-of-the-art 2019
A. Goudev

19:15 – 19:30 Presentation of Boehringer – sponsor
A decade of challenges and opportunities in anticoagulation after PCI
D. Trendafilova

Sunday, 20 October 2019

Hall Pravets

- 7:30 – 8:30 Own experience Session II**
Chairs: V. Velchev, D. Trendafilova, P. Gatzov
Moderators: V. Gelev, K. Karamfilov, N. Rifai

/6 minute presentation + 4 minute discussion/
- 8:30 – 9:50 Complications in the cath-lab Session I**
Chairs: D. Trendafilova, D. Vassilev, V. Gelev
Moderators: R. Nair, I. Ungi, I. Martinov, A. Alexandrov

/6 minute presentation + 4 minute discussion/
- 9:50 – 10:20 Symposium of Zentiva – silver sponsor**
New approaches to lipid- reduction. The role of Ezetimibe
A. Goudev
- 10:20 – 10:40 Presentation of Medochemie – sponsor**
Moderator: V. Gelev
Betaxolol in modern therapy of arterial hypertension and coronary heart disease.
Implementation in clinical practice.
- 10:40 – 11:00 Coffee=break and a visit to exhibition**
- 11:00 – 11:30 Symposium of Bayer – silver sponsor**

Rivaroxaban - Tailored Protection for Your Cardio-Vascular Patients
V. Gelev
- 11:30 – 12:00 Symposium of Pfizer Upjohn CV - sponsor**

Let's start with the numbers, but also treat CV risk - What to require from statin
therapy in patients with high CV risk
K. Karamfilov
- 12:00 General Assembly of the Bulgarian Society of Interventional Cardiology**
- 12:00 – 13:00 Interesting cases Session II**
Chairs: F. Fouladvand, M. Marinov

**Moderators: R. Kasabov, A. Alexandrov, D. Nenov, I. Jeleva
/5 minute presentation + 3 minute discussion/**

13:00 – 13:05 Official Congress Closing

13:05 General Assembly of the Bulgarian Society of Interventional Cardiology
